The first day of school, everyone arrived early except Jeanne, who arrived a bit late, laden with junk to fill her locker. Everyone was happy to see each other and to rush to classes again, but after a few weeks together, Alan decided to take Debbie OUT to eat. Randy seems to get a kick out of the meals, too.

As is traditional, along with the beginning of the year came initiation. The G.A.A initiated the new members and the seniors initiated the freshmen. Eventually, everyone got into the fun and all had a fine time.

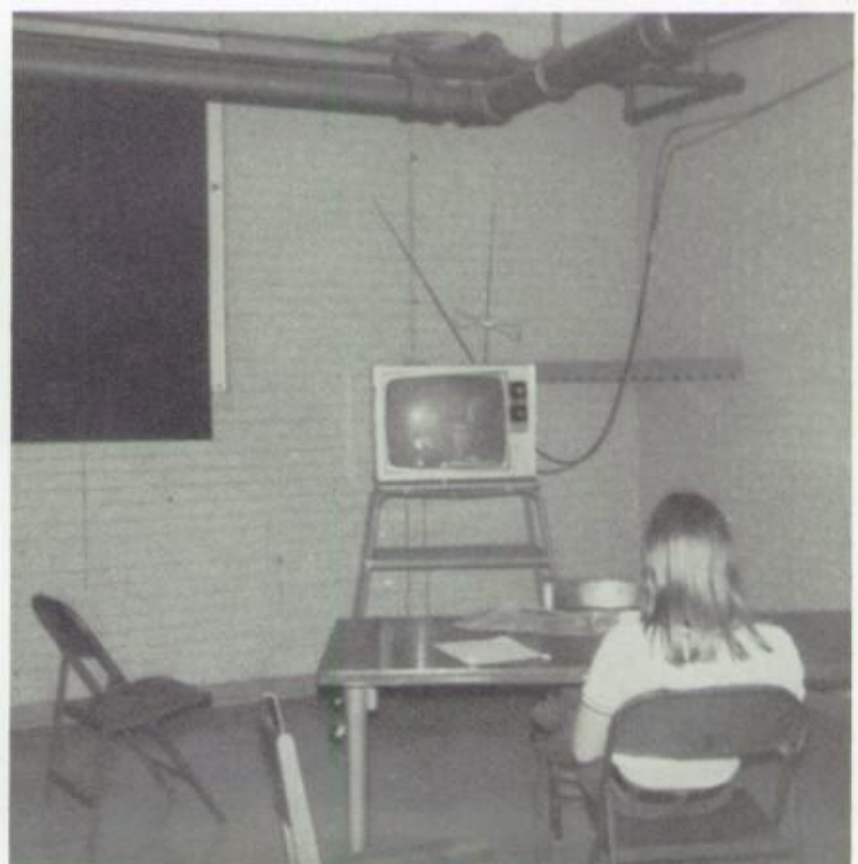

Finally, along came basketball season, and players and fans alike arrived early to board the bus for away games. Homecoming brought out the spirit in most when cheerleader Vicky got into a bit of a pie fight with Coach Cummins. To her surprise, the coach had more pie than she realized. Concessions for home games were always sold by the juniors and the student council and, eventually, other clubs got into the act.

Christmas came with the arrival of Santa Clause and everyone exchanged gifts among friends and teachers. But soon after the vacation, school life worked itself back to normal with its share of assemblies and pep sessions. The student council also contributed a student lounge at this time which was appreciated by all.

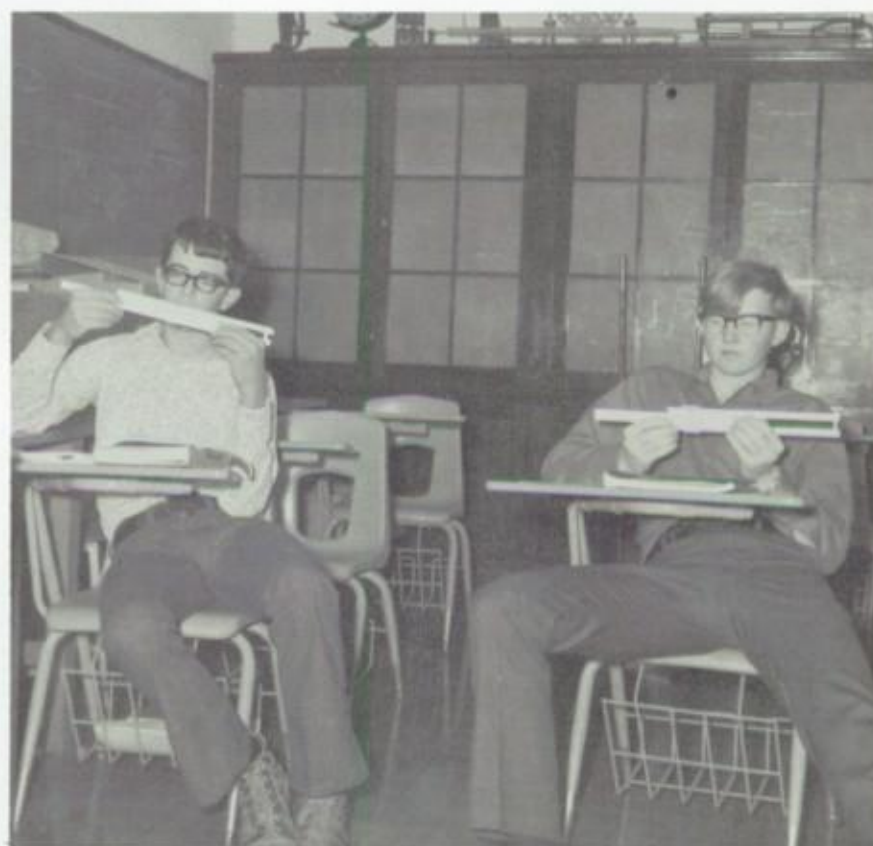

Along with spring came the senior trip to St. Louis with its swimming, movie, and zoo; then, on to graduation, the last step for the Class of 1972.

Jeanne, no! You musn't! Not here!

Senior Trip

After an extremely looonng weekend, Mrs. Keller dreams of a hot bath and just one minute of peace and quiet.

Here's Janie, finding time to study for her next week's exams.

Curtis seems to have his eye on someone for the weekend, "Who could it possibly be?"

April 7th at 6:00 a.m. the Senior class was SUPPOSED to be St. Louis bound; however, due to Mr. Hasselbring oversleeping we didn't leave until 8:00 a.m.

After several hours on the road fighting the rain, we arrived in St. Louis. The Arch of St. Louis was the first welcome sign we saw. After unpacking we toured the Anheuser Busch Brewery. After dinner many of the braver Seniors decided to take a swim.

Saturday we spent our time shopping, touring the Arch, swimming, sitting in the whirlpool and the saunas, and seeing a movie.

Sunday morning everyone was busy packing and getting ready to go the St. Louis Zoo.

Arriving home Sunday night, we all laughed about the weekend's experiences.

Our "curb-driver", Mr. Hasselbring, arrived at 8:00 a.m. and we're ready to go.

It was a long trip to St. Louis but everyone seemed to get comfortable.

Nick just seemed to "hang around" the entire trip.

We can't seem to figure out why Janie complained about her big feet the whole time.

to Remember

The Seniors pose for a picture while visiting the famous arch. No, it wasn't McDonalds!

"Everyone in the pool" was the cry that echoed through halls of the Marriott hotel.

At 2:00 a.m. there's still time for a pillow fight.

With nerves twitching, everyone waits for the long elevator ride.

Dedication

We, the senior class of 1972, wish to dedicate the 1972 annual, "Reflections", to a fine teacher, a loyal sponsor, and a true friend, Mrs. Vera Keller. Mrs. Keller, we thank you for everything you've done.

Editor's Farewell

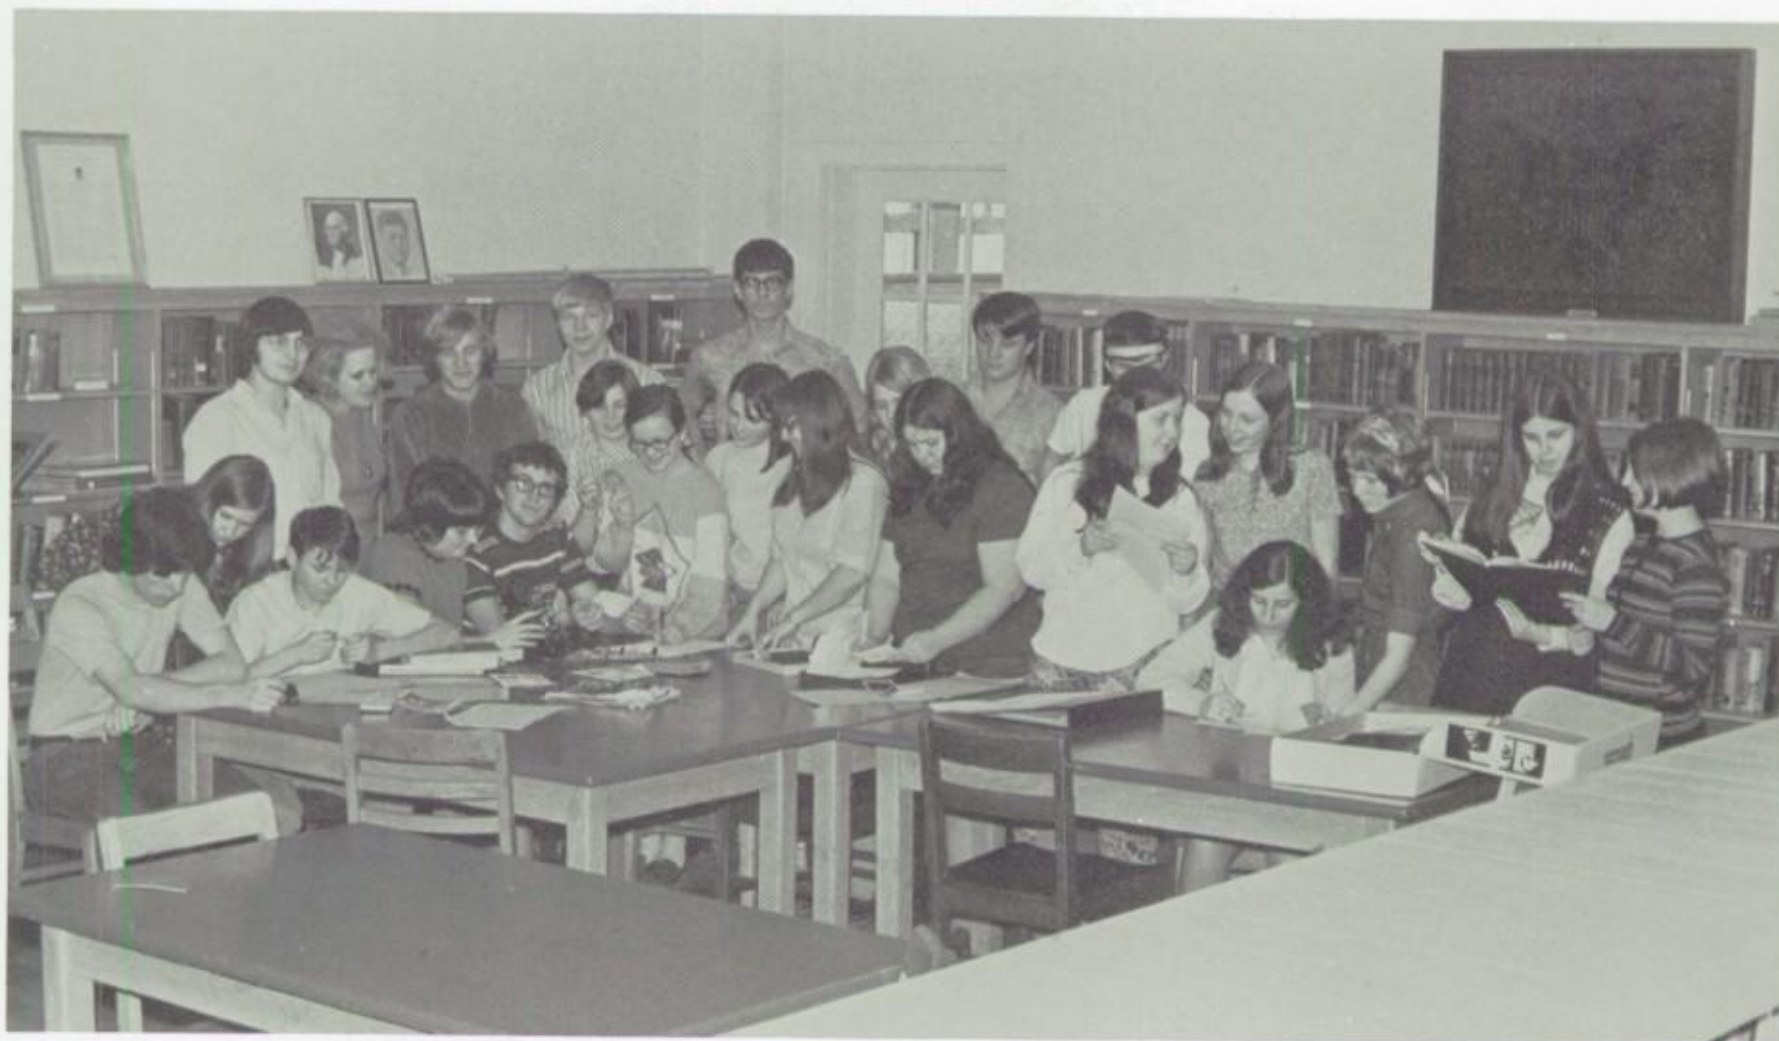

It has been a great honor to serve as the editors of the 1972 edition of "Reflections". Our class decided on changing the annual name from "Memoirs" to "Reflections" hoping that it will continue improving with this name in the future years. In this annual, we have tried to reflect Wellington's never to be forgotten memories, joys, and tears of our long struggle to higher education. We would like to thank the entire annual staff for their cooperation and extend a special thanks to our sponsor, Miss Sturm, for the many hours she put toward making this annual possible. Best of luck to the future editors.

Here the annual staff gathers around the table to work on layouts, pictures, plans, advertising, and many other numerous jobs. But it isn't always ALL work at our nightly meetings.

At least hall monitors can find time to study in peace and quiet.

A crowded hallway between classes, offers little elbow room.

Wilber quit fooling around and get to class! You only have three minutes.

Reflections

of Friends

Ah,

Janie, what ARE you doing???

Peace to you, too, John, but LEFT on, Nick?

John, you must have a friend somewhere!

Friends!

Where are you going in such a hurry with that big smile, Bear??

Some students just must get away from it all to study, right, Nick??

Where do you find everyone on the first spring days? Certainly not inside!!

This was a very exciting and memorable year for the class of 1974. They received class rings, which a few promptly traded. This year they took driver's education and increased their life insurance. They made money by sponsoring a turkey raffle at Thanksgiving. But most of all, they enjoyed not being green freshman and the youngest in the high school.

The highlight of the year for the Freshman was initiation. The day started out with the Freshman and their Masters assembling in front of the school to escort their Masters into the building. As the day went by each Freshman did as their Master said. Then when the day came to an end everyone assembled to the gym to watch the Freshman become a part of the school.

A long lunch line and delicious food await each student at 12:00 noon!

Over noon hour, most students sit on the steps and relax, but Janie always seems to find time to pose!

Steve finds himself in File 13; still, Curtis is always around with a helping hand!

STUDENT COUNCIL: VOICE OF THE STUDENTS

This year, the student government of W.H.S. added a student lounge to our school. They have been pushing this the past few years, and it was a worthwhile goal. They provided some movies for entertainment for the student body and faculty. As money making projects, they sold popcorn at ball games as they do annually, and they had a sock hop in February. This was a successful year for the Student Council.

Future Teachers

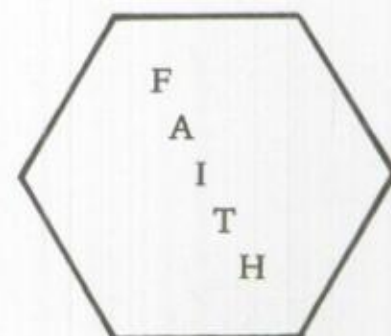

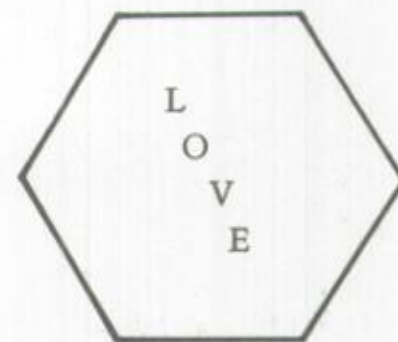

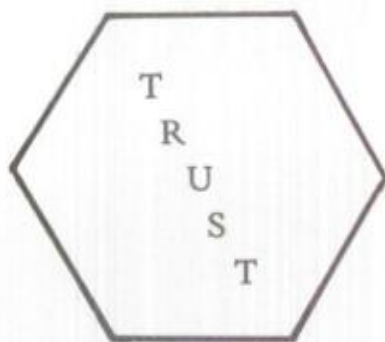

The highlights of the year for Future Teachers of America was student teaching, from which we all benefited. We discussed various things at our meetings among them was why teachers chose to teach.

Track Season

Wellington's 1972 Track season started on a low note when we got last in our first triangular meet at Milford with both Milford and Donovan beating us.

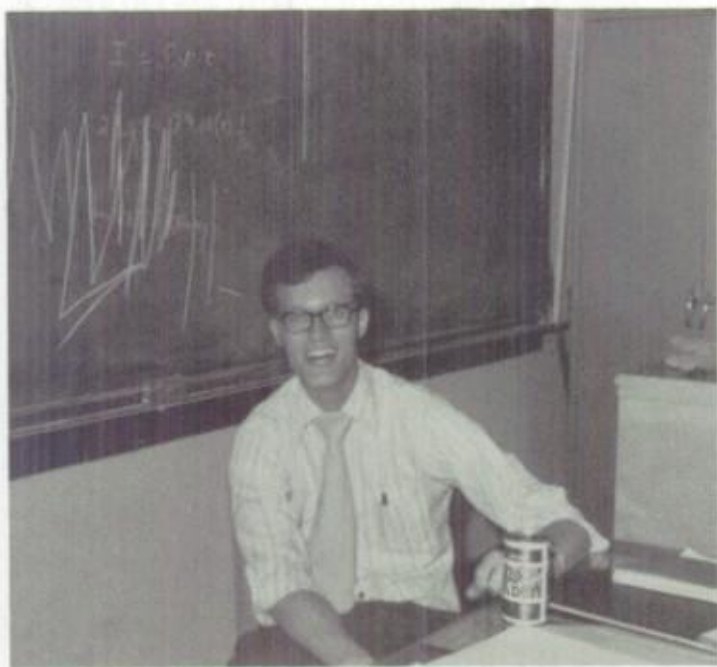

As the season progressed, however; the team came alive with the late arrival of Terry Field, Tim Watson, Dennis Wilber, Al Boyden, and the re-entry of Rick Vogel. Slowly the team pulled together and came up with its first victory in many years against a competitive Donovan team.

We surprised many with our fifth place finish at the Conference Meet at East Lynn. We scared the pants off of Coach Bullock at Sheldon when we took nine Firsts to their three. At the final meet of the year, the County Meet, we again put the fear into some of the smaller schools by getting a tie for sixth place.

Some outstanding individual performances were turned this year by Wellington boys. The most valuable player on the team was Steve Mastin, who managed to rack up over 100 points in the season. Steve set the school record in the long jump by going 20' 3½" and was only one-tenth of a second off the school record in the 440 yard dash. Steve is an all around athlete and gentleman that deserves all the recognition the community can give. Many times he would run and place in three events in addition to his long jumping.

Other individuals worthy of mention are Terry Field, who tied a school record in the 70 yard high hurdles at Sheldon. Terry also ran the low hurdles and pole vaulted. Pete Sollars as a freshman shows the potential to be a record setter in the high jump. Hank Longfellow and Earl Thompson also contributed several points in the shot put and discus. Another real comer is Tim Watson who can become a real miler.

The loss of Steve Mastin next year will hurt but the team has the core left for being a winning team. Junior Koger and Al Decker still have a couple of good years left in the pole vault and of course, Bear Voyles will be back. Everybody will be back for a good season but yours truly,

Reflections of Love *"Love Story"*

Al & Deb—"Love at first sight."

Bob & Lynn—Our first dance.

Wedding—"The happiest day."

John & Terry—"And they lived happily ever after."

The teachers all arrived right on time, and sat around to enjoy the evening's punch and goodies.

Mr. Cummins was able to make it back for the prom, and he enjoyed discussing everything with the faculty.

Some girls remained alone at the tables or moved to other tables to talk and autograph books when their dates left for more punch.

Everyone enjoyed dancing and cuddling with their sweetheart, be they married, engaged, or just going steady.

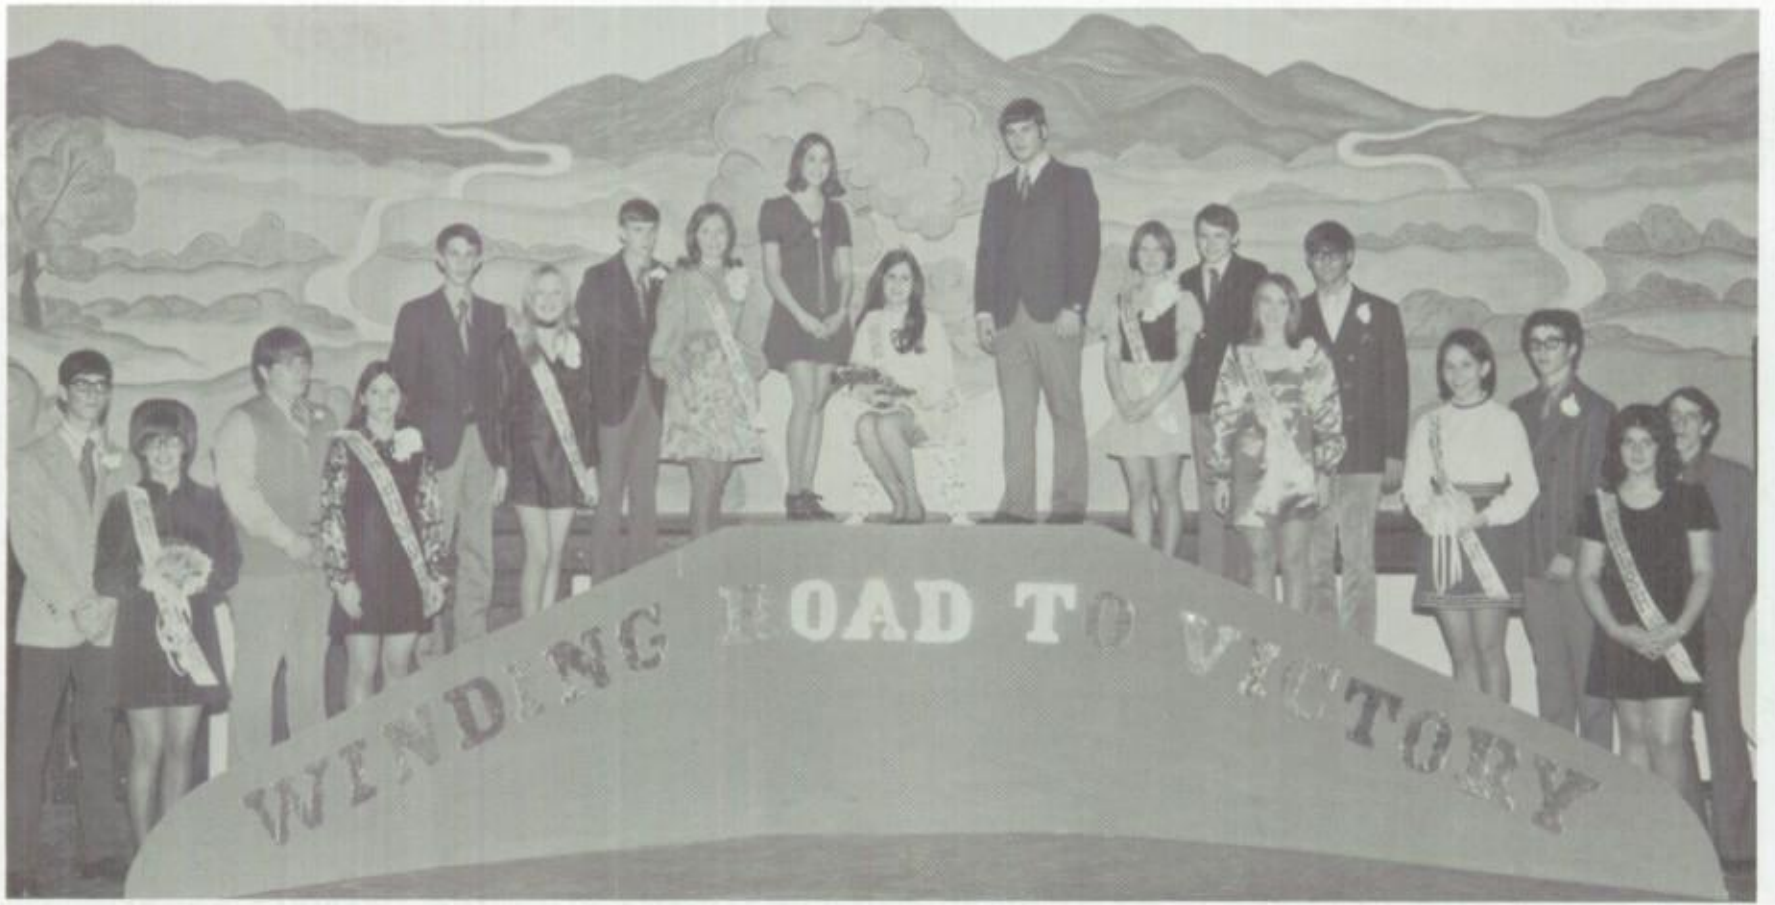

The band plays on and more and more people get into the act.

The queen is crowned, and confetti is thrown, but the beautiful night is only just beginning.

Before the coronation.

"We're going to have a good time, remember?"

They could have danced all night, but the band stopped playing.

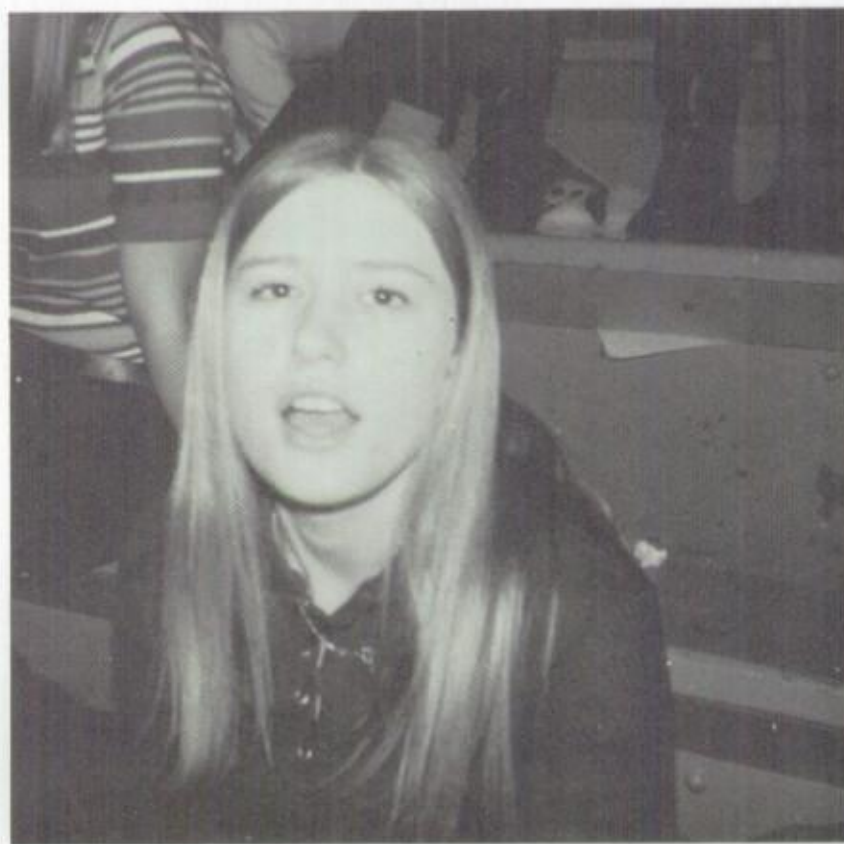

The guys get to know their new P.E. teacher, Mr. Roberts, through a hearty hundred push-ups.

Vicky, what HAVE you been eating? You seem to have made a mess of yourself!

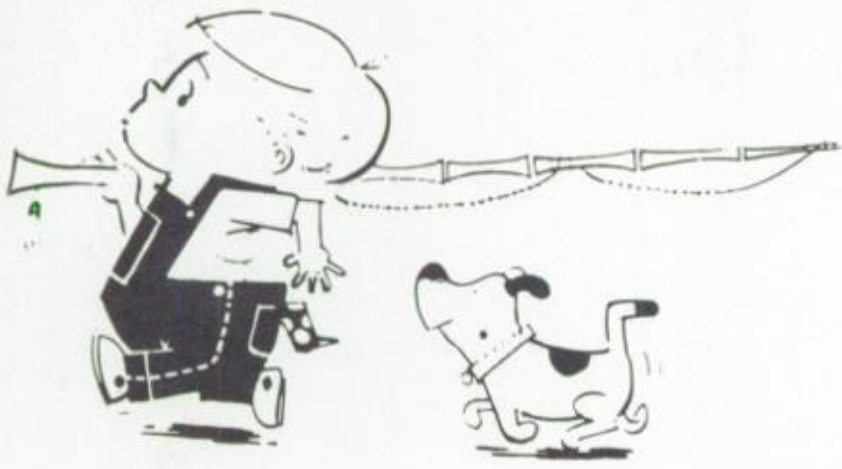

Another school day drags on, and the cars patiently wait for their masters' arrival at 3:30.
